Profile

Creative production leader who grew from 3D artist to Creative Production Manager over 11 years at Dreamline and its parent company, American Bath Group, serving 20+ bath and kitchen brands. Built an Agile production pipeline, then scaled it with AI so a team of four to five delivered 1,500–2,000 assets a month. Led the team's move to AI-augmented workflows with Claude, ChatGPT, and Higgsfield, and coached artists to adopt new tools with confidence.

Experience

Dreamline, now American Bath Group

Warminster, PA. Promoted twice in 11 years.

Oct 2025 – Oct 2026

Creative Production Manager *at American Bath Group*

- Directed end-to-end production of lifestyle and silo imagery, enhanced content, and motion graphics for e-commerce and distributor channels.
- Led the creative team's adoption of generative AI, bringing Claude, ChatGPT, and Higgsfield into daily work and coaching artists through new pipelines.
- Built genAI product-imagery workflows that let a team of four to five deliver 1,500–2,000 assets per month.
- Produced motion graphic videos for product marketing and e-commerce listings.
- Partnered with marketing, e-commerce, and product stakeholders to prioritize requests and set timelines.
- Negotiated contractor projects to be more cost-effective.

Mar 2019 – Oct 2025

3D Team Lead *at Dreamline*

- Built and iterated on an Agile 3D pipeline, tracking every asset from request to delivery.
- Led and mentored nine 3D artists, owning assignments, reviews, and quality standards.
- Served as the main contact for stakeholders and clients, turning business needs into production plans.
- Owned weekly production reporting for leadership on status, capacity, and risk.

Jul 2015 – Mar 2019

3D Generalist *at Dreamline*

- Modeled, textured, lit, and rendered photorealistic product images and animations for e-commerce sites and distributor galleries.
- Created product imagery for 20+ brands across about 20 product categories.

2013 – 2014

3D Contractor, RDC Design Group, Malvern, PA. Low-poly buildings for a real-time rendering application.
